

The Colorado Funeral Directors Association presents

Thursday, December 3, 2009 – 8:30 a.m. to 4:00 p.m.

Embalming and Reconstructive Techniques for Organ and Tissue Donors

6.0 contact hours of continuing education credit approved by the Colorado Funeral Service Board

Seminar will be held at Donor Alliance, 720 South Colorado Boulevard, Denver, CO 80246

Speaker sponsored by Life Cell and Donor Alliance
Breakfast sponsored by Federated Insurance * Lunch sponsored by Batesville Casket Company

Seminar Instructor:

Dennis Daulton

Dennis is a licensed funeral director and embalmer who began working in Funeral Service at the age of 15. After high school, he attended Northern Michigan University in Marquette, Michigan and graduated with a BS in Social Work and Psychology. He then attended the New England Institute where he later served as a part-time instructor. He received his funeral directing and embalming licenses in 1971. Dennis joined The Dodge Company in 1985 and has held a number of positions over the years. These days he spends part of his time in the office where he is a clinical advisor helping customers with embalming problems. The rest of his time is spent as a sales representative in Massachusetts, a seminar presenter—presenting programs throughout the U.S. on a variety of clinical subjects, and as a member of the Dodge Testing Committee helping test many of the new products in development. And, he is a frequent contributor to *The Dodge Magazine*. In addition to his work with Dodge, Dennis is still affiliated with a funeral home close to his home on the North Shore of Massachusetts.
